

UKSPF Graphic Packaging

Funded by
UK Government

Cheshire West
and Chester

BACKGROUND

Based in Winsford, Graphic Packaging International is a leading packaging design and manufacturing company, specialising in paperboard and folding cartons for various consumer goods with a focus on beverages and packaged food. With an investment in new machinery, they aim to enhance sustainability by developing a new clay coating on their paper, making products 100% recyclable. They hold environmental accreditations for their packaging, are investing in ISO45001, and have completed an ESG audit.

WHAT WE DID

Groundwork were the appointed delivery partner for Cheshire West and Chester for this grant programme. We supported Graphic Packaging on their grant application progress by;

- Conducting a review of all their energy consumption measures and support LED replacement
- Calculating their carbon emissions, undertook a cost/benefit analysis
- Developed an action plan and business case for investment
- Supported Graphic Packaging with the grant application process

OUTCOMES

Following our support, Graphic Packaging was able to install LED lighting across all areas of their site, resulting in:

- £7,659 cost savings per year
- 16.7 tonnes of carbon saved per year

SUSTAINABLE
BUSINESS
