

UKSPF Powers UK

Funded by
UK Government

Cheshire West
and Chester

BACKGROUND

Powers UK Ltd, based in Frodsham, Cheshire, specialises in providing creative solutions for complex measured survey challenges in the architecture, engineering, and construction sectors. Their primary goal is to mitigate project risks and ensure customer satisfaction by delivering accurate surveys through a competent and professional team. The company emphasises sustainability through ISO 9001, 45001, and 14001 certifications, ensuring high-quality service delivery and compliance with industry standards.

WHAT WE DID

Groundwork were the appointed delivery partner for Cheshire West and Chester for this grant programme. We supported Powers UK on their grant application progress by;

- Conducting a site visit to review all their energy consumption measures, from lighting to equipment
- Calculating their carbon emissions, undertook a cost/benefit analysis
- Developed an action plan and business case for investment
- Supported Powers UK with the grant application process

OUTCOMES

Following our support, Powers UK was able to install Solar PV panels to the roof of their site, resulting in:

- £4,102 cost savings per year
- 2.06 tonnes of carbon saved per year
- Further savings of £1,333 per year identified through the use of Smart Thermostat technology on electric radiators

SUSTAINABLE
BUSINESS
